Latest news for 22 – 23 season

Welcome to all members, both new and old.

Your executive has been busy preparing for this new 2022-23 LSH season. Part of this work was acquiring a new web carrier for our website, so you will be seeing a few changes here in the coming weeks.

As you know from the Spring AGM, you will see we are looking forward to returning to our pre-pandemic protocol. Eight teams in each of three divisions, playing hour and a half games, with an 84 game season schedule.

You should be contacted by your convener or captain within the next couple weeks regarding your status of play for this season. If you have not heard from him by the week of August 15th could please contact him as this is important for team organizing.

Although our fees to play have increased to \$475.00 this year, we are still keeping the cost per game to the \$5.00 to \$6.00 range. As in the past, these fees will once again include our Christmas Luncheon being held this year at the London Ukrainian Center at 247 Adelaide Street South.

Our annual start-up general meeting will be held at the BMO Center on September 14, 2022 at 10:00 am. Please save this date and plan to attend as this is where you will find out any information you will need to kick off another season of play.

That's all for now folks, look forward to seeing you in the near future.

Brian Laporte

President LSH
